

Lupu Anisia Ioana

Java Software Developer

Email: anisia.lupu@yahoo.com

Phone: +(40) 748 842 145

Hello, I'm Anisia and I'm a Software Developer.

I have almost 3 years of experiencing in coding, testing and continuously improving software products.

With a good analytical thinking and a lot of perseverance I accepted the challenge to make the world a better place in the era of digitalization.

Skills: Java , J2EE , SQL , Hibernate , Spring , Clean Code , Commitment , Teamwork , Curiosity

Languages: Romanian, English

Experience

Unicredit Services

Junior Java Developer

Jun 2018 - Present

- Technologies:

Java 8 , Serenity BDD , Selenium WebDriver , Cucumber , WireMock , ActiveJDBC , Maven , JUnit , Docker , Oracle

Being part of the "Innovation Team", in order to deliver solutions that increase the quality of our development workflow and products, I worked on building an automation testing framework from scratch for two web applications in our department.

- Propose technologies for developing/improving the framework;
- Introduce the BDD approach in order to encourage collaboration among developers and non-technical participants
- Write and configure automation tests suites
- Participate in daily scrum meetings
- Assist testers colleagues to write automation tests and understand the framework
- Writing technical documentation

Apr 2017 - Jun 2018

- Technologies:

Java 7 , Java2EE , Spring , Primefaces , Hibernate , SQL, DB2 , JUnit, Mockito , Maven , Git, Gittlab

Develop new features and fix existing issues for a financial advisory application which provides professional expertise in investing/desinvesting on financial instruments depending on the user target profile.

- Provide application development and testing
- Debugging, finding and fixing bugs
- Participate in daily scrum meetings
- Implementing unit tests for new features
- Communicating with testers and business analysts
- Code review

Centric

Database and Application Development Internship

Aug 2015 - Nov 2015 (Internship 3 Months)

- Tech Stack:

SQL , PL/SQL , Oracle , Oracle Forms

Involved in a summer full-time internship in which I developed a custom desktop application using Oracle PL/SQL and Oracle Forms.

Education

2016 - 2018

Master in Software Systems Engineering

Faculty of Computer Science, "Alexandru Ioan Cuza" University of Iași
Iași

2013 - 2016

Bachelor's Degree in Computer Science

Faculty of Computer Science, "Alexandru Ioan Cuza" University of Iași
Iași

2019 - 2013

High School Diploma

"Petru Rareș" National College
Piatra-Neamț (hometown)

Hobbies :

Traveling

Swimming

Reading

Loving animals
